

TO BEGIN WORK ON MONUMENT TO-DAY

No Ceremonies at Breaking of Ground for Memorial of Jefferson Davis.

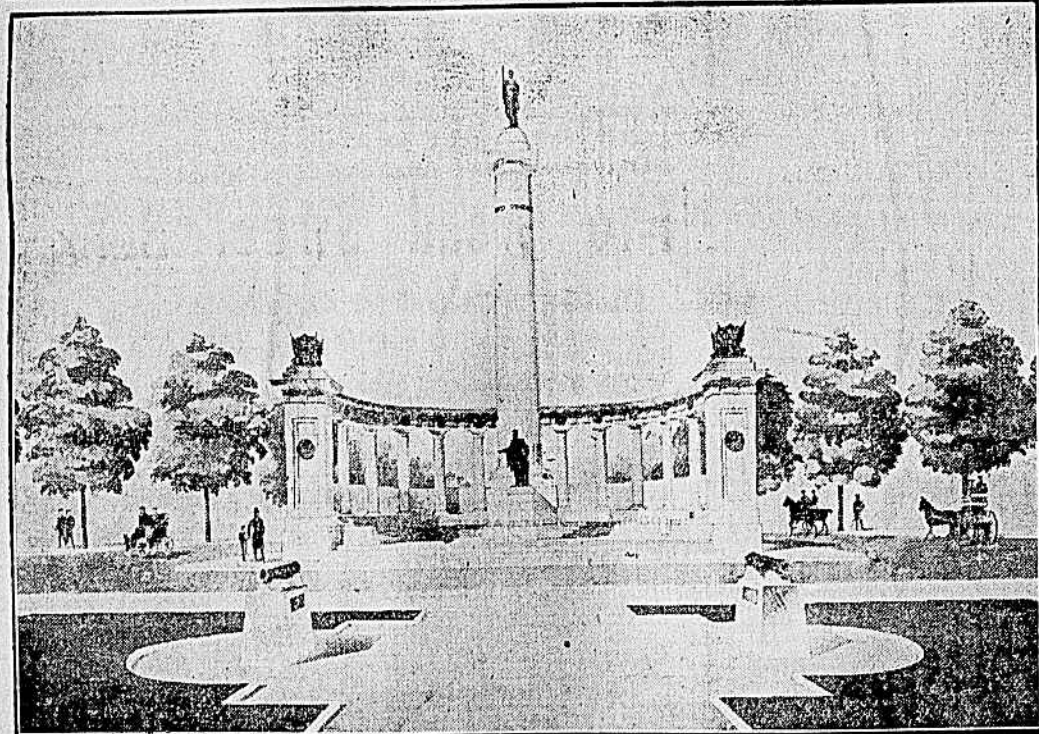

MRS. McCULLOUGH TO BE HERE

Members of Building Committee and Chairman of Board Only Persons Invited.

Without ceremony and in the presence of less than a dozen persons, actual work on the monument to be erected by the South to the memory of Jefferson Davis, only President of the Confederate States, will be started in Richmond this afternoon.

Even the time for the beginning of the exercises, if exercises they may be called, is indefinite. This depends entirely upon the hour of the arrival of the train bringing Mrs. S. T. McCullough, of Staunton, president of the United Daughters of the Confederacy. Mrs. McCullough will reach Richmond in the afternoon after 3 o'clock, will drive straight from the train to Cedar and Franklin streets, the site of the monument, and will then go through the form of breaking the ground. The only other persons present will be the Building Committee, consisting of Mrs. Joseph Bryan, Judge George L. Christian, Mr. E. D. Taylor, Mrs. N. V. Randolph, Mr. E. D. Taylor and Miss B. A. Warner, and the chairman of the advisory board, Mr. J. Taylor Ellyson.

This will constitute the entire program for the day. The ceremony will take place a few moments. The cornerstone of the monument, which has already been laid in Monroe Park, will not be moved for some time yet. Immediately after breaking the ground Mrs. McCullough will go to the residence of Mrs. E. D. Taylor, where the next day will be the convention of the Virginia Division of the U. D. C. Mrs. McCullough is a delegate to this convention, which begins to-morrow in this city. The monument will be completed in about eighteen months, and the date for the unveiling has already been fixed for June 3, 1907. The erection of the memorial is made possible through the efforts of the United Daughters of the Confederacy, who assumed charge of the work after the veterans had raised \$20,000, and who succeeded in increasing the fund to \$50,000.

Monument to be erected by the South in honor of Jefferson Davis, work on which will be started in Richmond to-day.

THE DEAD MINERS.

Were Killed Three and a Half Miles Under Ground.

(Special to The Times-Dispatch.)

CHATHAM, VA., Nov. 6.—The bodies of Hardin Devine, Jim Carter, Page Hundley and Robert Starling, negro miners, killed by an explosion of fire damp in a coal mine at Vivian, W. Va., Friday came to this place Sunday afternoon. They went from near Sandy River, Pennsylvania county, to which place their bodies were taken Monday for burial. Death was due to suffocation. Three other miners were with them, all of whom met death. The miners were three and a half miles under ground when the explosion occurred, filling the only outlet with debris, which took several hours to remove.

Circuit Court adjourned for the term Saturday, ceasing a two weeks' session. The last jury case was Eugene Terry, colored, for killing Joe Carter, colored.

was the scene of a pretty reception yesterday afternoon from 4 to 6 o'clock. The guests were invited to meet Mrs. Stewart, wife of Rev. J. L. Stewart, of Hancock, China.

Mrs. Stewart has recently returned from her labors in the foreign mission field of the Southern Presbyterian Church in the Chinese Empire, where for many years she and her husband have been engaged in religious work. She has been at Union Seminary for some days, visiting her son, Rev. Warren Horton Stewart, who is an instructor in that institution.

Mrs. Stewart's many friends in the city, who knew her before her long absence in her distant home, were glad of the opportunity to renew her acquaintance, and joined heartily with the faculty and students of the Seminary and their friends in the community in welcoming her back to her native land. For two hours the spacious parlors and halls of President Moore's home were filled with delighted guests, who were entertained in a most cordial manner.

MISTRUST CZAR'S PLEDGES

Workmen and Students Refuse to Support Count Witte and Favor Democratic Party.

Reports received from many points indicate that the situation throughout the Russian provinces is improving. The first train out of Odessa since the disorders began arrived yesterday at St. Petersburg having taken thirteen days to accomplish the journey.

The struggle for autonomy in Poland has been revived, and flags bearing the Polish coat of arms are flying from many buildings, preliminary to further action.

Count Witte is having trouble in organizing his new cabinet, and has taken up his residence in the palace in St. Petersburg, so that he may be at the emperor's elbow when his majesty returns, which is expected to be very soon. The text of the Imperial manifesto concerning Finland has been made public, and has caused great rejoicing in Helsinki and other cities in Finland.

Dispatches to the London morning papers tell of great distress in Kishineff, in the Caucasus and other places that have been the centers of the disorders.

Appeal for Confidence.

(By Associated Press.)

ST. PETERSBURG, Nov. 7.—The official Messenger prints this morning another appeal for confidence. It bears Count Witte's ear marks, hints strongly that the empire is threatened with dismemberment unless the people rally to its support and asks for the support of the press.

The political situation is most complex. Whether the government will be able to outlive the popular storm is problematical, for Count Witte will have a harder task in making peace with the Russian people than he has with the Russian government. In the midst of the confusion following the abdication of absolutism there has not yet been time for a realignment of parties, but the lines of cleavage are clear. The extremists, including the socialist workmen and students, refuse to support Count Witte, and have pronounced in favor of a democratic republic. The intellectuals and the professionals, under the leadership of the Moscow Zemstvoists, are not yet ready to overturn the monarchy, but are convinced that the reigning bureaucracy will not assist in bringing an end to autocracy and demand a constituent assembly based on universal suffrage to decide on a form of government. The third party is made up of diverse elements of conservatism, including the nobles and landed proprietors.

Fresh Disorders.

(By Associated Press.)

ODESSA, Nov. 6.—Fresh disorders were reported at 6 o'clock this evening in the suburb of Dalmatinsk. Troops have been dispatched there. The theatre of the town of Akherman, near Odessa, is in flames.

The governor-general has requested the editors of all the local newspapers to refrain from publishing accounts of the happenings of last week, in order to avoid inflaming the public. The editors acceded to the governor-general's request. The Odessa papers will appear to-morrow, after nine-days' strike.

Anti-Semitic disturbances are reported from all the outlying districts. The peasants are greatly excited, and are urged on by agitators from Odessa. Troops have been dispatched to the disturbed districts.

Another of the devastation of almost all the Jewish mills, shops and factories, the trade of Odessa is threatened with the most complete ruin, and the Russian banks are foreclosed. Involving the international credit of Russia. Some of the banks and shops have reopened, and the streets are being cleared of debris. It is claimed that the Russian army estimates of higher than 2,000 killed and 5,000 wounded are exaggerated.

CAUCASUS NOW IN STATE OF WAR

(By Associated Press.)

LONDON, November 7.—The St. Petersburg correspondent of the Daily Mail says:

"War, hopeless war, prevails in the Caucasus. The Trans-Caucasian railway, the sole line, is effectively crippled and reinforcements have been compelled to march. Seventeen bridges have been wrecked, and the rails have been torn up in forty places. Telegraph lines have been destroyed and Georgia and Dagestan are isolated. Every mile is in arms and the war office is helpless."

The Buchart correspondent of the Daily Mail sends the following:

"There is terrifying news still from Kichineff. The city is strewn with dead. An unwieldy provisional government has been established. Parting reigns throughout Bessarabia, and the Jews are seeking refuge."

THE REPUBLICAN CHAIRMAN MAKES EXTRAVAGANT CLAIMS

(By Associated Press.)

ROANOKE, VA., November 6.—While State Chairman C. B. Slomp has declined to make forecasts of to-morrow's election, a statement given out at Republican headquarters, says it is believed the Republicans will carry at least forty of the 100 counties of the State, that the vote in fifteen will probably be a stand off; that the remaining counties will probably go Democratic with greatly reduced majorities, and that the Republicans expect to have forty members in the House, and ten in the Senate in the next Legislature.

RECOGNIZED BODY OF MRS. MARGARET TODD

(By Associated Press.)

NEW YORK, November 6.—James A. Lyons, night carriage agent of the Union Transfer Company in the Reading Railroad terminal in Philadelphia, has positively identified the body of Mrs. Margaret Todd as that of the aged woman whom he saw walking away from the station with two men on Friday evening, October 27th, about four hours before the body was found in a railroad cut in Fairmont Park.

This is the most important fact brought out in the mysterious case to date.

JUGULAR VEIN OF WHITE FARMER CUT BY NEGRO

Murderer Arrested and Now in Jail—New \$10,000 Church.

(Special to The Times-Dispatch.)

WELDON, N. C., November 6.—Gilbert King, a farmer, who lived in Warren county, near Littleton, was killed by a negro, a negro, in a difficulty Saturday evening. King was returning home, and two negroes in a buggy overtook him and told him to give them the road. King got out of his buggy and a fight ensued. Hicks pulled a knife and slashed King on the throat, severing the jugular vein. King got in his buggy and died almost instantly. The two negroes have been arrested and placed in Warren jail.

The Julius Daniel Chapter, Daughters of the Confederacy, petitioned the county Board of Commissioners to-day, asking an appropriation of \$500 toward the Confederate monument to be erected here.

The matter was presented by Solicitor W. H. Hilliard, Major T. L. Gurry, Colonel Burwyn and Captain E. A. Thorne. The commissioners postponed action until the first Monday in December.

The congregation of the Weldon Methodist Episcopal Church will build a new \$10,000 church. They have secured a suitable site for the church and parsonage. The lot is beautifully situated, and is known as the Whitfield place. The price agreed on for the land is \$2,500.

Dr. H. B. Ferguson is building a handsome brick hotel at Halifax, on the site of the old Southern Hotel, destroyed by fire several years ago. The new building is going up rapidly and will be completed by the new year.

OLD SORES SAP THE VITALITY AND UNDERMINE THE HEALTH

Old Sores that refuse to heal are a constant menace to health. They sap the vitality and undermine the constitution by draining the system of its very life fluids, and those afflicted with one of these ulcers grow despondent and almost desperate as one treatment after another fails. They patiently apply salves, washes, plasters, etc., but in spite of all these the sore refuses to heal and eats deeper into the surrounding flesh, destroying the tissues and growing to be a festering, inflamed and angry mass. The source of the trouble is in the blood. This vital fluid is filled with impurities and poisons which are constantly being discharged into the sore or ulcer, making it impossible for the place to heal. It will not do to depend on external applications for a cure, because they do not reach the real cause, and valuable time is lost experimenting with such treatment; the most they can do is keep the ulcer clean. Any sore that will not heal is dangerous, for the reason that it may have the deadly germs of Cancer behind it. A cure can be brought about only through a remedy that can change the quality of the blood, and this is what S. S. S. does. It goes to the very bottom of the trouble, drives out the poisons and germs with which it is filled, and purifies and builds up the entire circulation. By the use of S. S. S. the sore is supplied with new, rich blood which corrects the trouble, soon stops the discharge, and allows the place to heal naturally and permanently. S. S. S. also reinvigorates the entire
